Référence : LKYTLD-R04-EN

Prix : 45.00 €

Descriptif :

Etat : NEUF SOUS BLISTER

Jeu en Anglais

Game in English

Long ago, a pact was made with the Dwellers of the Wood. By the rules of this agreement, men must keep to their villages and paths, scattered throughout the vast forest like embers of the light.

What lies beyond belongs to other, older masters – creatures of ancient magics

who look unkindly upon trespassers. Despite this pact, daring souls explore the woodland labyrinth in search of treasures, adventures and secrets.

Destinies: Witchwood is a new expansion for Destinies that adds additional scenarios in a brand new setting for players to explore. The world is filled with folklore-inspired characters, monsters, and adventures.

Gameplay

Destinies: Witchwood offers more flexible quest paths, more narratively driven character goals and more ways to achieve them.

The world is filled with folklore-inspired characters, monsters, and adventures. In each scenario, players will compete to fulfill one of their character's two possible Destinies. Players will develop their character's skills, gather items, complete quests, and uncover thousands of words of rich narrative. In Witchwood, players' decisions can drastically change the world the characters find themselves in and can impact later scenarios

Contents:

**55 item cards 45 map tiles 12 destiny cards 12 bound by fate cards 14 miniatures
1 rulebook**
