Prix : 27.95 €

Descriptif :
Etat : NEUF EN TUBE

Icewind Dale Map has a high-quality vinyl surface, ideal for tracking the progress of your adventures during the Icewind Dale, Rime of the Frostmaiden campaign.

Trapped in winter’s cold embrace, nomadic humans follow herds of reindeer through their migrations, while others dare the treacherous waters of the Sea of Moving Ice in search of fish, seals, walruses, and whales to sustain them. Dwarves dig into the earth to seek shelter and mine for iron. Meanwhile, folk descended from foolhardy and treasure-mad immigrants eke out meager lives in Ten-Towns, which can barely hold back the wind, let alone marauding orcs, giants, and fierce tundra yeti. Despite the unnatural cold and other dangers, people still brave the journey to reach this harsh winterscape, searching for opportunity and adventure.

Map dimensions => 76cm x 51cm
