Sources of purity, the waystones help maintain the Winds of Magic. If they can be corrupted, the Dark Elves will strike at the powers that have continued the stalemate between themselves and the High Elves.

The Fourth Waystone is the latest in the Enemy Cycle of linked expansions for Warhammer: Invasion, a card game of intense warfare, clever kingdom management, and epic questing. This 60 card pack contains 20 different never-before-seen cards designed to augment existing decks and add variety to the Warhammer: Invasion metagame.

In this exciting fifth entry in The Enemy Cycle, the High Elves and Dark Elves contend with each other over control of the waystones through units like Disciple of Malekith and White Tower Aspirant. In addition, the arsenals of Chaos and Orcs deepen with Tainted Well and High Mountain Troll. The Empire and Dwarfs strengthen their forces with the Hero Duregan Thorgrimson and the Bright Wizard Acolyte.

With compelling new deckbuilding options for each faction, The Fourth Waystone is an invaluable enhancement for any Warhammer: Invasion deck.

This is not a stand-alone deck. A Warhammer: Invasion The Card Game core set is required to play.
