A scream pierces the early morning air. A crowd gathers at the docks to witness the ghastly sight. The body of a little girl - her throat slit, her body mutilated - has been found tangled in a fisherman's net. There are a few tears and curses, but for the most part simply a resigned and uneasy silence. In any other city this would be tragedy enough to break anyone's heart, but the people of Penmorch know that this is just the beginning. For almost a century they have borne witness to this tragedy and by Midsummer Night two more girls will be dead. Unless someone can end the horror once and for all.

The Crystal Skull is an epic heroic adventure which whisks the heroes from the streets and sewers of a major city, on a tense and perilous cross-country chase, into the depths of a haunted dwarven city, and to the dizzying heights of a perilous tower crafted by the hand of Orcus himself! Can the heroes find the crystal skull and banish a great

threat or will they forever be remembered as the villains who set a great evil loose upon the world? A d20 fantasy adventure for four to six characters of 8th to 12th level.
