Follow the legend of the Swordsinger's Folly, the rapacious pirate ship, laden with treasure into the belly of a whale! The Call of the Grog God is an adventure for 4-6 characters of levels 8-11.

This adventure takes place in the setting of Razor Coast and its nearby environs, however, it is not directly related to the plot of The Razor Coast's over-arching adventure, and is intended as a thrilling diversion from that quest or a stand alone adventure Herman Melville would envy!. GM's may use this adventure as they see fit, incorporating it into the overall adventure of Razor Coast, or simply use it as a way to help characters build XP and collect loot that will help them achieve success against the intrigues of Razor Coast.
