**Marque :** White Wolf

**Référence :** AC150

**Prix :** 29.00 €

**Descriptif :**

Etat : Très bon

Now risen to the hallowed ranks of the Gods, the Scions must fight as soldiers in the Overworld War, facing the Titans and their spawn on a battleground beyond imagining.

Can the addition of the Scions to the Gods' ranks turn the tide of this epic conflict, or is the World doomed to fall to the chaos born of Titan ascendancy?

The final battle has yet to be fought, and the future is undecided. Trusting that the inscrutable power of Fate will bear them to victory, the Scions press on, ignoring the lesser threats and taking the battle to the Titans themselves.

This book includes:

- Six ready-to-play God Scions, updated from Scion: Demigod.
- Rules to take Scion characters to the next level of their development, godhood.
- The adventure, "Titanomachy," using the Storytelling Adventure System.

Scion: God is the third book in a new Storytelling game series from White Wolf Publishing.
