Add a new dimension to your role-playing or miniature gaming - the third dimension! This box contains 30 sheets of colorful fold-up buildings. Assembly is simple because all the pieces are die-cut and pre-scored; all you need is glue. Also included are three full-color, two-sided mapsheets showing street layouts, plus a 16-page booklet describing how to assemble the buildings and how to modify and reassemble them in new and unusual ways.
