Brave the Paths of the Dead, battle the Corsairs at Pelargir, and stand fast against the Witch-king and the armies of Mordor during the Battle of the Pelennor Fields! The fifth The Lord of the Rings Saga Expansion for The Lord of the Rings: The Card Game, The Flame of the West draws directly from the key events of the first half of The Return of the King as it returns our attention to Aragorn, the Grey Company, and the plight of Gondor, even while the fates of Frodo Baggins and the One Ring remain uncertain.

With its 165 new cards, The Flame of the West introduces three new scenarios with a decidedly epic bent. War is kindled, and your actions will determine whether or not Gondor stands. Fortunately, you will not ride alone. The Flame of the West introduces a new version of Aragorn to lead you, as well as two new heroes, two boons, and thirty player cards (three copies each of ten different cards) that represent the strength of the

bonds that run between the Men of Gondor, the Riders of Rohan, and the Elves and Dúnedain of the Grey Company.
