4th Edition

The Adventurer's Vault 2 presents hundreds of magic items, including legendary weapons and artifacts. Whether you're a player looking for a new piece of equipment or a Dungeon Master building a dungeon hoard, this book has exactly what you need.

AV2 is a successor and a companion to the Adventurer's Vault supplement. In it you'll find a wide selection of magic items to augment those presented in its predecessor as well as in the Player's Handbook, Player's Handbook 2, and other sources. More than just a continuation, though, AV2 puts forth a few advances in the way that magic items are presented and conceptualized.
