

WARHAMMER RPG - Dreadfleet Captains

NEUF / Anglais

Marque : Fantasy Flight Games

Référence : AB939

Prix : 50.00 €

Descriptif :

Etat : NEUF SOUS BLISTER

For two bleak decades the Undead reavers of Count Noctilus have plagued the oceans of the world. And yet there remains hope; Captain Jaego Roth has vowed to hunt down and destroy the Undead captains once and for all, and with him stand the most notorious and cunning of the pirate lords of Sartosa. But even as these legendary figures prepare to do battle, destiny has a role for the most unlikely of heroes. Will you rise to the challenge?

With new Creature cards, Action cards, Location cards, and more, Dreadfleet Captains features a host of new narrative options. Will your party hunt Sartosa's shadowy pubs for rumors leading to Aranessa Anja Saltspite, or seek an audience with Prince Yrellian of Ulthuan? Wherever your adventures take you, you'll have the cards and components you need to bring a piece of Dreadfleet's action to your story.
