Stand up to the powerful giants of the Pathfinder campaign setting wherever they may be with the Giantslayer Poster Map Folio. Seek high adventure while battling gigantic foes or map your party's progress through the mountainous regions of the Inner Sea with these three massive poster maps designed for use with the Giantslayer Adventure Path.

These huge, lavishly illustrated poster maps depict locations found in the Giantslayer Adventure Path. The first map explores the human town of Trunau (the setting for the first Giantslayer adventure), surrounded on all sides by the orc-infested Hold of Belkzen. The second map shows the Mindspin Mountains, where the rest of the Adventure Path's action takes place. The third map is a player-oriented illustration of the frost giant training camp of Skirgaard, which your players can use to plan their assault on the settlement in the fourth volume of the Adventure Path!

Whether you're looking for a rough-and-tumble town under threat from orcs or a mountainous giant settlement, these beautiful maps are the perfect resource for the Giantslayer Adventure Path or any fantasy campaign.
