Etat : NEUF A world of fire and wonder awaits! The path of the planes is fickle, and the PCs' road home proves far more difficult than any had anticipated. Emerging from the pleasure plane of Kakishon reveals all the wealth and terror of a vast efreeti palace, tightly sealed by ancient magics and situated at the heart of the incredible City of Brass. In this lavish citadel of sculpted flame, the PCs gain a glimpse into the burning obsession of their hidden foe. But will their discoveries be of any help to their imperiled world, hidden away in some distant reality? And can they ever hope to escape a prison that has for untold centuries caged some of the most powerful creatures of a realm of endless flame?
