The Winds of Magic howl across the Old World. In such unsettling times, armies look to their greatest personalities for leadership and guidance. How will they face their enemies under the threat of magical annihilation? Can they tame the winds? Can they harness them against their foes?

The sixty cards (3 copies each of 20 different cards) of Vessel of the Winds bolster each race with unique units and Attachments. These leaders and objects inspire troops

to find new reserves of power. Meanwhile, other units arrive ready to risk their lives on daring quests to advance their army's strategies, and the Orcs, Dark Elves, and Undead seek means of uniting the tribes, subverting their enemies' fighting spirit, and achieving immortality.

Vessel of the Winds is the fourth battle pack in the Bloodquest Cycle for Warhammer Invasion, adding 60 brand new cards to your game. This time, each race has exclusive units and support cards to lead their troops to success in the ancient World.

This is not a stand-alone deck. A Warhammer: Invasion The Card Game core set is required to play.
